14. Motions from Councillors

**Proposed by:** Terry Jackson

That Full Council support the Local Electricity Bill.

The Country is not meeting the climate change targets – the UK is way off track to meet the fourth and fifth carbon budgets of the Climate Change Act, and we have a national epidemic of fuel poverty. Community renewable energy has huge potential to help solve both these problems at once, but it is blocked from doing so. There is no obligation from the WPC if we support this Bill and in fact, we could stand to benefit from it in future should it succeed.

The Bill is currently supported by a cross-party group of 115 MPs which is promising progress, given that the campaign started in the autumn of 2018. Power for People are building a grass-roots movement across the country in support of the Bill and they will mobilise people to call on their MPs and the government to enact the Bill.
